## PROSPECTIVE WINNERS.

ething About the Horses That Will Content Today.

Today will conclude the meeting, and there are three good races provided fora stake event for 2 year-olds of the 3:00 class, a 2:20 trot and a 3:00 pace. These stake and purse races closed with thirty-seven nominations, which insures large fields in each race. In the 2-year-old race are entered some of the best coits ever brought together, and the winners will not have a walkover. On public form the chestnut filly Faifa, by Allerton, dam Cyprus, 2:2134, by Strathmore, should get the money. She will be driven by her owner, C. W. Williams, and if she is good the coit that heads her will some a respectable record, but the famous coit trainer Charles Marvin will be in the race with the bay filly Aliped by 8t. Hel, and Mr. Jamieson will probably start the grey Daunties coit, Billy Parks, Besides there will be a name ber of others, the slowest of which has shown ability to beat 2:30 away off. The race for 2:20 trotters is popularly supposed to lay between the converted pacer and ex-hearse horse, the biack California production, and Marvin's long backed gelding. San Peiro; the big Ketcham Furm gelding, Navidad, also a Chiffornia production, and Marvin's hog backed gelding. Answer, still an other representative from the Pacific slope, with the probabilities rather in favor of Answer. The fastest mile of the week, at the diagonal guit, should be unde in this race. It will be nothing abort of a guessing match to pick the winner in the 3:00 pace, but Wobbling be unde in this race. It will be nothing abort of a quessing match to pick the winner in the 3:00 pace, but Wobbling Mand will, if she starts, he somewhere asure the money. Cambridge Girl, a sister to the handsome stallion, Cambridge Boy, one of the surprises early in the week, is entered in this race, and may be another, but they do say she is "ratty," and not always the best actor. Another probable starter is the brown stallion, Joe Rowell, by General Hancock, sire of the wonderful 2-year-old paper, Victor Marzone, and he is one of a family of race horses, and may make trouble. There is no teiling what may turn up in a field of pacers, especially in the green classes, and there may be a coming Hal Pointer or Mascot in this bunch of side-wheelers. what may turn up in a field of pacers, especially in the green classes, and there may be a coming Hal Pointer or Mascot in this bunch of soile-wheelers.

### A REMARKABLE CASE.

It is a positive fact that the art of curing diseases by electricity is revolu-tionizing the practice of medicine, as is shown by the following open card that

shown by the following open card that speaks for itself—

Accuse 5, 1856.

Mr. Entron—Dear Sir: I here wish to testify to the wonderful success of Dr. Darrin's treatment of my case. Ever since I was a child I have been a stifferer from catarrhal croup, which of late years developed into atthma and other throat complications. I had also severe pains in my head, loss of sight and other extreme nervous disorders. During the past few years I had been under treatment of over thirteen physicians in this city and Chicage, and derived a little or no benefit, and my case was given up as hopeisus. Having heard much of Drs. Darrin, I consulted them, and put myself under their Electro-Magnetic treatment. To my great surpries I soon begun to feel wonderfully improved. My pains left me, and my cough ceased, and can sleep well nights. In fact all my troubles have nearly disappeared, and I am growing stronger and rapidly regaining my health, and sincerely believe that I will soon be entirely well. Out of gratefulness to Dr. Darrin and for the sake of suffering humanity I wish to recommend him to the afflicted, as he is the only physician that has ever done me any good. I am a professional nurse, and can be seen and referred to. Address 101 Canal street, Grand Rapids, Mich. Alece Scorr.
